

Office Moving Solutions Made... Simple

Decommissioning Space

Relocating or downsizing your space? You're no doubt excited about moving to your new office location or the cost savings of less space! But before you start this process, be sure to contact Buehler to walk you through this process. Donation, a marketplace, recycling, moving, storage, deinstall and reinstall services can be setup to help make your transition smooth.

Packing & Labeling Services

How do you prepare for a move with your employees working from home? Buehler's labeling and packing services allows for an easy, hassle free move by supplying the labor and know how to pack up offices and cubicles into movable totes. Color coded labeling allows for easy visual identification of all employee's belongings and site plans ensure all totes are moved efficiently.

Asset Inventory

Do you know what you have? Are you properly insured? Asset inventory services are for companies that need to get control of what they have and where their items are at. These types of services are needed if you intend to sell items off, place on a Marketplace, recycle, donate, or just to inform your accounting, facilities and/or IT departments of their fixed assets.

Remote Office Support Services

Where we work might change but business still needs to happen. Buehler offers services which allows for office pickup, disconnect, delivery, setup and reconnect of all office equipment and supplies. Our crews are trained for office and household goods which allows us to transition from working in a corporate environment to residence environment quickly and easily.

Project Management

Let our qualified project managers help you design, plan, schedule, and finalize your decommission, build or relocation. Buehler has been working with healthcare professionals for decades which means this experience can be beneficial for your next project. It also means one source and one phone call for all your needs.
